From the Board

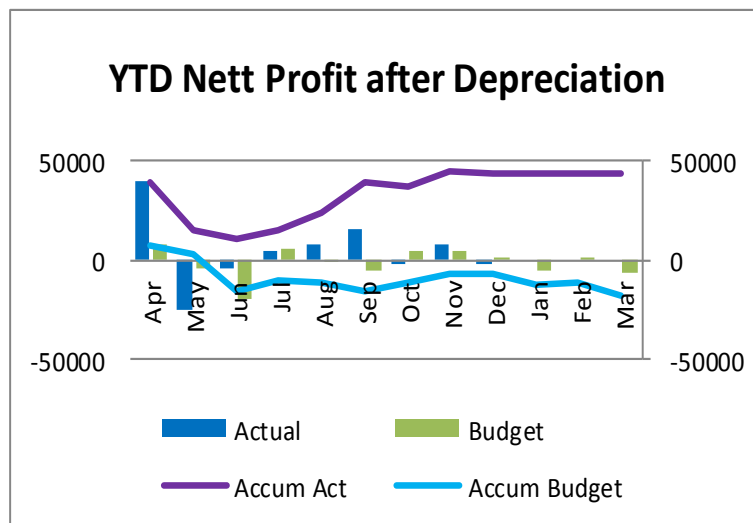

The Board would like to welcome the visitors competing in the Matamata Men's Combined Bowling Tournament that runs from 19th to 23rd February. The tournament will be run at Matamata Club, Hinuera and Morrinsville Bowling greens. Please come along to support these players.

I would like to remind patrons that abusive behaviour is not acceptable. There have been several incidents recently that have been upsetting for other members and staff. Matamata Club prides itself on providing a safe and family-orientated environment. Abusive behaviour will not be tolerated and may result in the offender

being removed from the premises as well as being barred from entering the Club for a determined period of time.

On a good note, the Club continues to show a healthy profit. The bar, restaurant and gaming have exceeded budget takings which is largely due to your patronage. As at the end of December, financials show an \$80,000 positive turnaround compared with the previous year. Well done to David and his team, and my fellow Board Members for achieving such standout results.
